Business	pet shelter web
Keywords	colourful, pet, shelter
Main Font	Comfortaa
Body Font	Open Sans
Font Justification	Comfortaa's rounded, friendly shapes convey warmth and approachability, perfect for a pet-focused website. Paired with Open Sans, a highly legible sans-serif for body copy, the combination ensures readability across devices while maintaining a playful tone.
Primary Color	#FF6F61
Secondary Color	#6BCB77
Accent Color	#FFC107
Palette Justification	Coral (#FF6F61) provides an energetic, eye-catching anchor that evokes love and excitement. A fresh green (#6BCB77) reinforces safety, growth, and the natural aspect of caring for animals. Amber (#FFC107) offers a warm highlight for calls-to-action, delivering strong contrast against both primary and secondary hues while meeting WCAG AA contrast standards. The trio creates a vibrant, inclusive, and accessible visual identity for the shelter.
